***Please note that the information below is taken directly from each of the online schools' websites themselves. CCSD does not endorse one online school over another. However, Nevada Learning Academy is a CCSD school where as the other schools are independent charter schools.**

****Parents and students are HIGHLY RECOMMENDED to speak to the online schools BEFORE WITHDRAWING FROM Orr, as many online schools either have waiting lists OR only accept students at certain times.***

Process for Enrolling: *If your student is currently enrolled in a CCSD school and you wish to transfer him/her to an online school (below), parents must:*

- 1. Withdraw their student from his/her current school (with the school's Registrar). (Students DO NOT need to withdraw if they are transferring in between school years.) Also, it is recommended that you obtain a copy of your student's official CCSD transcript (from the Registrar's Office at your CCSD school) and have that with you when you enroll your student in his/her new school (so that he/she is enrolled in the correct classes).*
- 2. Contact the school of their choice (below) and follow their enrollment procedures.*
