DESERT PARKWAY
Behavioral Healthcare Hospital

NOW OFFERING VIRTUAL-ASSESSMENTS

#SocialDistancing is the new norm, but that doesn't mean our flexible and efficient mobile assessment capabilities come to a halt altogether. In order to continue offering our community partners and patients peace of mind during the COVID-19 pandemic, we are now conducting virtual-assessments via Zoom.

This enhanced resource will be offered to referral sources at their offices, in Emergency Rooms, and to patients at home.

The entire assessment and physician approval process can take place prior to a patient's arrival. This helps patients with COVID-19 exposure, avoids unnecessary travel and decreases overall wait time once they get to Desert Parkway.

Call our Care Center to schedule a virtual-assessment appointment today: **877-663-7976**

AVAILABLE 24 HOURS A DAY, 7 DAYS A WEEK

As an organization, we are striving to take precautions to ensure the safety of our patients, employees and community. At Desert Parkway Behavioral Healthcare Hospital, we are continuing to serve both the inpatient and outpatient mental health needs of children (8-12), adolescents (13-17), adults (18-54), and seniors (55+).

If anyone is feeling overwhelmed by anxiety or fear, we are here to help. During these uncertain times, we are also experiencing more depression and isolation – please reach out if someone you know is struggling.

Continue to visit our special website dedicated to providing the most up-to-date and relevant information pertaining to COVID-19, as well as local community resources to help all of us impacted by the pandemic and those who are most vulnerable:
